Symbols

Symbol	Description
	**Of PAGE CONNECTOR-Connection of flowchart from page to page.**
	PROCESS OF MODULES- Rectangles with lines down each side indicate the process of modules. They have one entrance and only one exit.
	AUTOMATIC-COUNTER LOOP - The polygon indicates a loop with a counter. The counter starts with A (the beginning value) and is incremented by S (the incrementor value) until the counter is greater than B (the ending value). Counter is a variable. A, B, and S may be constants, variables, or expressions.
